" Generation Wealth: Kan du gætte hvem jeg er"	
<b>Hvor</b>	
fysisk placering, adgangsforhold	Louisiana Museum of Modern Art
<b>Hvem</b>	
(målgruppe, begrænsninger, antal deltagere)	<p>Lavuk Stjerne (Art Class): Around 12 participants (a few of them in wheelchairs) + helpers + art teacher + Camilla Panting</p> <p>2 art interpreters from Louisiana</p> <p>Security guards were instrumental in giving access to a closed section of the museum and helping with wheelchairs</p>
<b>Hvad</b>	
(Indhold)	<p>10:00-10:45 (arrival while museum was closed for the public)</p> <p>Visit the exhibition Generation Wealth:</p> <ul style="list-style-type: none"> <li>- Observation of photos and discussion of symbols of wealth.</li> <li>- Discussion: Who am I? ; How do I tell the world about me and what I like with the clothes and accessories I wear?.</li> </ul> <p>10:45- 12:00</p> <p>Activity at the Children's Wing:</p> <ul style="list-style-type: none"> <li>- Production of "sunglasses" that tell about the person I am</li> <li>- Role-play wearing costumes</li> </ul> <p>Lunch at "Biograf" (Madpakke + Louisiana-Saftevand)</p>
<b>Hvordan</b>	
(metoder og principper)	<p>We divided the group in 2 and saw different photos.</p> <p>We distributed two "discussion cards". One with the prompt "my favourite colour is" and another one with the text "I like to..." which included different icons of activities. The instructors and the helpers engaged in conversation regarding if we could see those preferences via visible/physical objects (i.e. clothes, shoes, etc.)</p> <p>We made sunglasses that made our identities more visible.</p> <p>We "played" at being someone else/fancy with the help of costumes provided by Louisiana</p>

	<p>We took our glasses home in some “gold-glimmer” bags made by Gabriela’s daughter.</p>
<b>Hvornæd</b>	
(hjælpemidler eller andet materiel)	<ul style="list-style-type: none"> <li>• Discussion cards (see photos below)</li> <li>• Eyeglass templates, multiple decorations, glue-gun</li> <li>• Costumes</li> </ul>  
<b>Hvornår</b>	
(tidsramme, evt. optimal tidspunkt)	<p>Activity took place on 04 February 2020 from 10:00 to 13:00.</p>
<b>Hvorfor</b>	
(formål)	<p>The activity was centered in issues of identity and had also an element of community building as we learned more about each other (see attached photos at the end of the document).</p>
<b>Hvorhen</b>	
(mål)	
<b>Andet</b>	

Evaluation: There were several participants with wheelchairs. Next time, add more time for "transport" between exhibition and the children's wing. Only one volunteer was present, which also added to the workload during the workshop. The costume part of the visit was probably the most festive/happy, and the good mood prevailed during lunch ☺
